

Supercluster Charter of Values

The Supercluster is guided by a set of core values that are the cornerstone of how members and participants interact and work together.

DIVERSITY

We embrace diversity and inclusion in everything we do.

TRANSPARENCY

We are transparent and open, candid, respectful in our respective communications and actions, and promote a trustful environment.

COLLABORATIVE

We proactively collaborate, respecting and leverage the value of different experiences and perspectives to drive agreement.

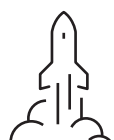

RESULTS FOCUSED

We are outcome and results focused, knowing that through collaboration we shall deliver meaningful, strong and positive results.

GREATER-GOOD

We embrace the greater good and seek system-wide benefits.

BOLD

We are dynamic and innovative, pushing technology for maximum business and societal impact.

RESPECTFUL

We keep our respective promises and if there are conflicts we declare them to maintain transparency and professional integrity.
